CHESAPEAKE & OHIO first mortgages are selling at 31 and 32 cents. These are the prices bid. We have seen no lot sales.

THE NEW YORK TIMES—now the Republican organ par excellence in the metropolis—displays a sense not only of the fitness of things but also of coming events, by refusing to smile on Conkling and looking blandly on Briar.

It is worth while to take notice that the three great Republican party papers of the country, the New York Times, the Cincinnati Gazette and the Chicago Tribune—there is no fourth that ranks with them for character and for influence, are all on the Bristow track.

The correspondents at Washington try to work up some interest in the impeachment proceedings, but it is no go. When a man is dead as a door nail, people can't be expected to be excited over the question whether his political corpse shall be formally declared ineligible to office. And that is all the Belknap impeachment amounts to, even if the Senate decides that it has jurisdiction over the corpse which is not yet settled.

Five candidates are announced for sheriff in Monongalia county. Before any voting is done, a writer in the Post wants the "coming man" to pledge himself to meet the tax-payers (as he was obliged to do under Republican rule) in their several townships, "for the collection of taxes and levies due the sheriff," and then to "make a deduction of two-and-a-half per cent" to all who are on time with their payments.

CHRONOMETER LOCKER.—For two days past the Ohio Valley Bank has had a representative from Hall & Co., Cincinnati, at work putting on two chronometer locks on their burglar proof safe. These locks can be set for any number of hours, from one up to twenty-four, and until the time is up, whatever it is, cannot be opened. They are putting an end to the favorite amusement of burglars, of surprising cashiers by untimely and unelcomed calls for keys and combinations.

MAJOR CYRUS NEWLIN, of Monroe county in this State, died suddenly at Hinton a few days ago. He was well known as a bold, talented, and not very scrupulous politician. For some time he was hand in glove with Nat. Harrison in the old 9th Judicial district, as his Attorney General, but at the last they split. Newlin killed a secessionist some years ago, when he first settled in Monroe county, who was inclined to impose upon him, and that event seemed to have given him influence down there. He was originally from Philadelphia.

E. D. MANSFIELD, the stationer of the Cincinnati Gazette, in reviewing the advance of wealth in the United States, and particularly in Ohio, from 1850 up to 1870, says that "if we could get at the number of people with surplus incomes now, and the number thirty years ago, we should find that this class of society had increased faster than either population, industry, or aggregate wealth. It is also true that the very poor have increased faster. It is this state of things which has produced what we see—thousands of people traveling to Europe, living in foreign cities, building palaces, wearing diamonds and jewelry, and living a life of mere show—for show is the only name by which they can be distinguished. There is nothing new in all this, and there will be nothing new in the consequences if it be continued."

AMONG the delegates from Harrison county to the Clarksburg Convention are the Hon. John S. Carlisle, Nathan Goff, Hon. T. W. Harrison, A. C. Moore, and Dr. Pinnell. The Morgantown Press thinks that "intellectually speaking," the Clarksburg district will have the "heaviest delegation in the State."

The delegates from the Morgantown district (Monongalia county) are George C. Sturgis, Jesse J. Fitch, Col. Joe Snider, Manly Hayes, and Wm. L. Boughner. A Republican County Convention was held at Parkersburg yesterday (Friday) to send delegates to Clarksburg. The local meeting at the Court House on Wednesday evening did not seem to have been well attended, according to the Times, "which seems to indicate" (says the editor) that the people do not rely on politics any longer, and do not care to attend political meetings during these distressing times.

The advance guard of "silver resumption" has reached Wheeling, in the shape of \$1,000 in coin received at the Exchange Bank yesterday. This silver is sent to the bank in exchange for fractional currency and will be paid out only in the way of change. A further supply will be received in a few days at that bank, and no doubt also at the other banks. This coin has no greater value than the fractional currency as a purchasing medium.

No merchant in Wheeling who understands the case will give any more goods for it. It is a legal tender for debts to the amount of five dollars only. An attempt was made to make it a tender for \$50, but the Senate amendment defeated the House bill to that effect. The substitution of silver for fractional currency is simply in the nature of a subsidiary coinage. In order to maintain a currency of that sort it is necessary that it should be made more valuable as a coin tender than as mere metal, and this has been done. If this were not the case it would not circulate, as a matter of course, but be hoarded away or melted down. In the law fixing the standard fineness of coin, silver was intentionally overlooked in value as compared with the gold standard. Since the adoption of the standard, the German Empire has reconstructed its circulation, and adopted gold as the standard of value in place of the old silver standard. This change has thrown

CONGRESS.

HOUSE.

WASHINGTON, April 21, 1876.

Writ of Habeas Corpus.

Mr. Knott introduced a bill to regulate the privilege of a writ of habeas corpus in certain cases, referred. It provides that the Supreme Court shall have original and exclusive jurisdiction to issue a writ of habeas corpus in all cases where the party shall be detained or restrained of his liberty by the authority of the United States, or by the authority of Congress. That whenever it shall appear that a petition that the party is detained or restrained of his liberty by the authority of either house of Congress is made before the Supreme Court or United States Judge or Court, other than the Supreme Court of the United States, the writ shall not be issued, and that if any such state or United States judge, or court, other than the Supreme Court, award a writ of habeas corpus in such cases, the Supreme Court may award a writ of prohibition against the judge or court, and that if any such state or United States judge, or court, other than the Supreme Court, award a writ of habeas corpus in such cases, the Supreme Court may award a writ of prohibition against the judge or court, and that if any such state or United States judge, or court, other than the Supreme Court, award a writ of habeas corpus in such cases, the Supreme Court may award a writ of prohibition against the judge or court.

Mr. Walker handled Mr. Herford without gloves, we are told, in his court-house speech last Thursday night. Mr. H. should drop things at Washington and take the stump. No man has any show for Democratic nomination nowadays, unless he log rolls.—*Charleston Journal.*

NEWS OF THE DAY.

The President left Washington for Philadelphia yesterday afternoon.

Hon. O. J. Dicke, of Lancaster, Pa., formerly a member of Congress from that district, died this morning, of typhoid pneumonia.

The National Jockey Club of the District of Columbia, has been organized, and the arrangements are made for a Spring meeting on the 18th and 19th of May.

General Wm. C. Wickham, of the Chesapeake & Ohio Railroad, has perfected arrangements for insuring the line between Cincinnati and Huntington, irrespective of cost, thus placing that route on an equality with other lines to the sea board in competition for freight.

The tug Coe, of Milwaukee, while lying at the Port Austin dock, this morning caught fire and was damaged to the amount of \$3,000. She was scuttled and sunk. Fully insured.

John R. Dolan, convicted for the murder of James H. Noe in August last, was hanged this morning in the New York Tombs.

William Cooper, of St. Louis, Mo., shot Mollie Dean because she refused to marry him, and then shot himself. Both shots will probably prove fatal.

A New Orleans grand jury found a true bill against J. F. Barrett, jr., for attempting to bribe State officers, and in default of bail he was sent to the Parish prison.

A pigeon shooting match took place at New Orleans for the State championship, which was won by J. H. Hacker.

The coal and stores of the Pacific Mail Co. were attacked by the Panama Railroad Company to-day at San Francisco.

Bristow and the Bark Mary Merritt.

LOUISVILLE, April 21.—A Courier-Journal reporter interviewed Hon. Walter Evans, of this city, in reference to the case of the bark Mary Merritt, which Mr. Cate, of Wisconsin, offered a resolution in Congress. Mr. Evans said that there was nothing in Secretary Bristow's connection with that case which was in the slightest improper, but on the contrary his sensitiveness as to official propriety had resulted in great injury to his (Evans') client. Mr. Evans said the facts are these: The bark Mary Merritt was owned by Murray, of Canada, who brought her from Triples, of Hopkinton, Ky. On a warranty the bark was seized and libeled in Wisconsin for a mere technical violation and then forfeited by decree. From this decree an appeal to the Supreme Court was taken, and Triples employed Feland & Evans as lawyers to obtain a remission of the forfeiture. They visited Washington and offered Bristow employment in the case, he then holding no public office. His proposition to him was declined, but Bristow introduced the case before Richardson. Mr. Evans says that this was done without compensation, and purely for friendship. The efforts before Richardson did not succeed owing to the representations of Weiss, the informer in the case. Subsequently Weiss became Secretary of the Treasury, and he positively refused to act in the case, placing his refusal upon the ground that he had already appeared in the cases described. Weiss subsequently, Evans learned, had been badly misinformed, and writing in a prayer that the application for the remission should be granted. Mr. Evans learned that the remission was approved by Mr. Conant, the acting Secretary of the Treasury, after examination of the case by the Solicitor General. His clients never obtained remission, nor has he and his partner received a cent for services. Mr. Evans distinctly said Bristow was never attorney in the case and never received a farthing for his friendly services and pronounces the assault utterly groundless and as made for malicious purposes.

The Fire Losses.

St. Louis, April 21.—The loss by the burning of Heins Bros' brewery, in East St. Louis last evening, is not so great as was supposed. It is now thought that the beer will be saved, and the building is not wholly destroyed. This will reduce the loss to \$75,000. The insurance is as follows: Fire Insurance of Philadelphia, \$3,000; Merchants' of New Jersey, \$2,000; American of Philadelphia, \$5,000; Western of New York, \$2,500; British American, of Toronto, \$2,500; Amazon of Cincinnati, \$4,000; Western Assurance of Toronto, \$4,000; Buffalo Insurance Company, \$2,500; Royal Canadian of Montreal, \$5,000; Manufacturers of Boston, \$2,500; Bangor, \$1,000; Union Mutual of Philadelphia, \$1,000.

Proclamation of Gov. Hartman.

HARRISBURG, Pa., April 21.—Gov. Hartman today issued a proclamation recommending that the people of the State assemble in their several counties and towns on the 4th of July next and have delivered an historical sketch of said county and town, and that a copy of said sketch be placed with the Librarian of Congress.

WASHINGTON.

Postoffice Appropriation.—The Post-office appropriation has been agreed upon. The amount is thirty-three millions, about three and one-half millions less than last year.

THE SCIENCE INVESTIGATION.

Mr. Park, in the Emma Mine inquiry to-day, testified that by the purchase and sale of stock in 1872 sixteen thousand seven hundred pounds sterling was realized. According to his understanding, General Schenck was entitled to one-half, but refused to take more than \$1,894. General Schenck was interested to the extent of 1035 shares. General Schenck read a statement showing that his investment on account of the Emma Mine aggregated \$53,200. To show the further amount, Schenck has received dividends for 13 months, of 1871 and 1872, \$8,500, 450 original shares, \$3,000; leaving a clear loss, nearly as can be estimated and ascertained, of \$42,200.

THE PACIFIC RAILROADS.

The House Committee on the Pacific Railroads to-day resumed the consideration of the bill to extend the time for completing the Northern Pacific Railroad and the proposition offered by Mr. Throckmorton as an amendment to extend the time also for the Texas Pacific Company. A letter was submitted, addressed to the chairman, by C. F. Livingston, president of the Southern Pacific Railroad Company of California, that he was allowed to construct a road eastward from the Colorado River and receive the Texas Pacific land grant, for which the railroad was to be built. The bill was passed.

MR. AND MRS. MARSH SUBMITTED.

The impeachment managers of the House have directed subpoenas to be issued for Mr. and Mrs. Marsh to appear in this city on Thursday next before the Court of Impeachment. This indicates that the managers intend to call the testimony of the Belknap case for a full and complete examination.

ATLANTIC DEPART.

Attorney-General Pierpont says in regard to a story, that Mrs. Avery was before him yesterday and implicated Babcock, Luckey and the President, that there is not a word of truth in it, and that she simply came to plead for pardon of her husband. She was so wondering in her language he fears she is temporarily deranged.

BEFORE THE DEPARTMENT OF JUSTICE.

The testimony of ex-Attorney General Williams and Col. Whately before the Committee on Expenditures in the Department of Justice was given to the press to-night. The chief points have already been published.

John J. Davenport testified that in the New York case of 1870 he discovered that the officers of the Indian branch of the War Department had been perpetrating, and adopted a system of registration which eventually resulted in the detection of these frauds. In pursuing this matter the witness had spent \$10,000. He found that he was being impoverished, and asked Col. B. G. A. and Messrs. Schantz and others, of New York, whether the government would pay him in his efforts to detect these frauds. In the summer of '71, he went to Long Branch to see the President, and explain to him the frauds he had discovered, and to ask whether the use of the funds in the Department of Justice could not be used to pay him. The President was impressed with the plan submitted by witness to prevent frauds in elections, and said he would recommend the matter to the Attorney-General.

Archaeological.

MANHATTAN, N. Y., April 21.—General R. B. Brickerhoff, President of the Ohio Archaeological Association, reports a success for the Association at the Centennial beyond all expectation. The space originally allotted proved entirely too small, and an additional amount has been secured. The Ohio Archaeological Association will be the largest gathered in America. Cincinnati alone furnishes sixteen magnificent collections, two of which are surpassed by any other private collection in the country. All the collections, whether large or small, not yet secured are invited and can be sent forward at any time during the present month at the expense of the Society. Prof. Edward Orton, of Columbus, O., M. G. Read, of Hudson, and Hon. William S. Sloan, of Fort Clinton, members of the Board of Trustees, are now at Philadelphia to receive and arrange all specimens which may be forwarded. Single specimens are invited equally with full collections, and all will be returned to the owners at the expense of the Society. On account of the meeting of the International Archaeological Convention at Philadelphia on the 4th of September, the annual meeting of the Association at Newark will be postponed for a week or so, due notice of which will be given.

Another Fraudulent Wilkinson.

LOUISVILLE, April 21.—James Wilkinson, of the firm of Brewer & Wilkinson, New Orleans merchants, has been arrested here charged with having committed frauds in Nashville, Cincinnati, New Orleans and New York, amounting in all to \$15,000. Wilkinson was apprehended by Detective Cave, on the train between here and Nashville, on information by a telegram from New Orleans, to hold him. He offered the officer \$300 in gold to release him, saying the detectives elsewhere had done so. Cave brought him to this city.

Uninstructed.

DES MOINES, April 21.—The Republican Territorial Convention yesterday selected a delegation to the National Convention. The delegation is regarded as unacceptably good, and is instructed.

Marine Intelligence.

BALTIMORE, April 21.—Arrived—Steamship Bertha, from Liverpool.

WHOLESALE HANGING.

A Sketch of the Desperadoes and their Crimes.

LITTLE ROCK, April 21.—Marshall Fagan yesterday received word from quite a number of prominent Indians, notifying him that the friends of O'Sea Sanders would attack the Fort and fight the Marshal before they would permit him to be executed. Sanders belonged to a secret society of the Cherokee; every member of which swears to live or die for his brother. Several times the friends of Sanders attempted to interfere but were promptly met by the Marshal's forces. A few days since O'Sea's brother was killed by an Indian Sheriff's posse. Sanders made a written statement asserting his innocence. William Leach, the white man, made a written statement about his early life, but declined to say anything in regard to the crime for which he was hung to-day. Isham Zally, a white man, was also hung to-day. He was killed by a posse of the body of the murdered man. He was killed by a posse of the body of the murdered man. He was killed by a posse of the body of the murdered man.

Orpheus McGhee left a statement in which he admitted that he was guilty of the murder of the late John W. Leach, and had joined the Presbyterian church. A special from Fort Smith by courier to O'Zark, thirty-five miles distant, received late to-night, says of the hanging to-day: All six of the doomed men rose early this morning and ate a hearty breakfast, and then all went to the gallows. The President for O'Sea Sanders was received which left but five of the doomed men to suffer on the scaffold. It was near 6 o'clock when the shackles were removed from the doomed men. The usual black guard, at the request of the men, was dispensed with. The guards formed and the prisoners were marched out, heavily armed, in arm with the guards, through a dense crowd to the gallows. Leach, Isham Zally, and McGhee were taken down first, and then the others. The crowd was orderly and quiet. There were 7,000 spectators present. There was one accidental shot.

Wilson urged all his friends to join the Catholic church and meet him in Heaven. The remarks of the Indians were interpreted by an Indian. Leach forgave the court and his enemies. Many of O'Sea Sanders Indian friends were present, and were jubilant over his demise.

Killed by a Pile Driver.

CLEVELAND, April 21.—A man named Peter Hart, employed on a pile driver near the Willow street bridge, met his death yesterday in a shocking manner. In attempting to go to the top of the machine to trip the hammer he stepped on a pile which was being driven, intending to climb through the upright posts, when the hammer suddenly tripped and fell and came down with great force, crushing his face, and striking him with full force on the breast and arms, mangle him in a frightful manner. The deceased was about thirty years of age, and leaves a wife and two children.

California Crops.

SAN FRANCISCO, April 21.—The Weekly Bulletin this morning publishes complete crop reports from nearly every agricultural county in the State. All the dispatches agree in reporting that the prospect for the grain crop was never better and that an unprecedentedly large yield may be expected with a continuance of reasonably favorable weather. The fruit also promises well, though in some districts it has suffered somewhat from late frosts.

Calls on Mr. Blaine.

INDIANAPOLIS, April 21.—The Evening News calls on Mr. Blaine to ask an immediate investigation into the charges of his obtaining \$40,000 from the Union Pacific Railroad, and announces that Harrison of that city will go before the Judiciary Committee of the House and as a government director of the road demand an immediate investigation of the matter.

Cooked Whisky.

NEW ORLEANS, April 21.—In the trial of Fehrbach, crooked whisky, Col. John Cockrell, Collector of Internal Revenue for the District of Louisiana, and Capt. J. J. Brooks, assistant chief of the U. S. Service, were called to stand as witnesses for the prosecution. Their testimony was principally in describing the different portions of the distillery, process of distilling and the duties of the various employees.

The Murderer of Mabel Young.

BOSTON, April 21.—Thomas W. Phipps, convicted and executed on the 26th of May for the murder of Mabel Young in the belfry of the Warren Avenue Church, to-day made a sworn statement that he received the injuries which caused her death from the trap-door falling on her head; that he was frightened lest he would be accused of murdering her, and therefore denied all knowledge of the matter, trusting that his connection with it would not be discovered.

Weather Report.

OFFICE OF THE CHIEF SIGNAL OFFICER, WASHINGTON, D. C., April 21—A. M. For Tennessee and the Ohio Valley, stationary followed by falling barometer, south winds and partly cloudy weather. For the Lower Lakes, rising followed by falling barometer, stationary temperature, clear followed by cloudy weather and variable winds.

Insurance Policies.

NASHVILLE, April 21.—Insurance Commissioner Morrow says that the Widows' & Orphans' Insurance Company are only suspended from issuing new policies and are not prohibited from receiving renewals, and he advises policy holders not to let their policies lapse, for if the Company should be unable to go on and re-insure, the protection of the policies will be assured.

Biographical.

LOUISVILLE, April 21.—The Courier-Journal to-morrow morning will contain an elaborate biography of Secretary Bristow, prepared by a distinguished Kentucky Republican and understood to be an authentic and authorized statement of the Secretary's public and private career.

Bristow Club.

BOSTON, April 21.—A Bristow Campaign Club was formed in the city to-night.

GERMANY.

BERLIN, April 21.—Austria has initiated fresh negotiations with the great powers as to the proper course to be pursued if the present attempts for the pacification of the Turkish provinces prove fruitless.

FOREIGN NEWS.

ENGLAND.

LONDON, April 21.—In consequence of the American horse breakers showing as he did on the international handicap at New Market, the odds were offered against Mate, his stable companion who is expected to run in the city and suburban next week, on one thousand to fifteen hundred.

LONDON GRAIN MARKET.

The backwardness of the season influences the grain markets; the supplies offered, however, are too good to allow the farmer prospects to interfere much with the values. Wednesday's market being the first after the holidays, it was unusually animated, and prosperous quotations maintained. Oats advanced three shillings on French demand. The week's imports include wheat 151,885 quarters, maize 146,394 quarters, rye 30,170 sacks. The average prices of English growths of wheat are 45 shillings 1 penny, barley 33 shillings 7 pence, oats 25 shillings 8 pence per quarter. To-day there has been a good inquiry in Market Lane for wheat and flour. No. 1. Market wheat at 45 shillings and 4 shillings 10 pence. No. 2. Market wheat at 44 shillings 10 pence. No. 3.
